
AGRC Certificate in ESG Principles & Standards - Syllabus

About the Association of Governance, Risk & Compliance (AGRC)

AGRC is a non-profit global professional accreditation & certification organization & networking platform. AGRC aims to facilitate the exchange of knowledge & sharing of experiences among Compliance, Risk & Governance professionals (GRC) with the goal of growing its community to ensure multi-jurisdictional regulatory compliance in the financial services & exchange values, experiences, expertise & professional opportunities.

Aim of the Certification

The AGRC Certificate in ESG provides participants with a thorough understanding of a topic that has gained increasing significance and attention amongst corporations, regulators, and researchers. At the same, the Certificate offers guidance as to how corporations can best prepare to comply with their reporting requirements under the growing number of ESG-related regulations.

Certificate & Training Hours

The recommended number of learning and training hours is 15 to 20. This does not include additional time studying, revising, and preparing for the exam. A candidate should expect to spend an additional 15 hours of studying time to pass the exam, depending on prior knowledge and/or work experience.

Exam Information

Type of Exam	Multiple-choice questions (MCQs)
